CLUB HOLDS ITS FIRST MEETING

One Hundred Present at Smoker
Given by the Hughes Hustlers
Wednesday Night

CHESTER JEWETT SPEAKS

Club Enrollment Boosted to 125 and
Will be Increased More—Ar-
thur Robinson Coming.

A crowd of one hundred attended the organization meeting last night of the Hughes Hustlers, the young men's republican club of this county. The meeting was in the nature of a smoker, cigars and apples being passed out, and was along the line of organization. Chester Jewett, of Indianapolis, a brother of Charles Jewett, Marion county chairman, was the principal speaker and was introduced by Dr. J. C. Sexton.

Cecil Tague of Brookville, district organizer of the young men's clubs, was also present and told in a brief way the purpose of the clubs. The work of perfecting the local club is coming along nicely, the enrolled membership to date numbering 125. This will be increased as rapidly as possible. A week from Friday night Arthur Robinson of Indianapolis will speak at the Graham Annex auditorium under the auspices of the club and all of the young men of the county have been asked to co-operate with the local club in making the meeting a success.

Mr. Jewett urged that this organization be perfected and declared that whichever party was successful in the coming election, that success would be due to organization. "The campaign will be fought out on the lines of organization," said Mr. Jewett, "and the party having the best organization will win."

Jewett made a plea for the first voters to vote 'er straight. He declared that it would be useless to elect Charles E. Hughes president without giving him a republican congress. "The two great parties," said Jewett, "believe in certain well defined policies. If you believe that the republican party can give you the best in government, then we should vote the ticket straight in nation, state and county."

Jewett severely arraigned President Wilson on his Mexican and foreign policies and predicted that after Nov. 7 the president would step from the White House to take the presidency of some correspondence school as his note writing had certainly qualified him to a position of this kind.

"Time was," said the speaker, "when American lives and rights were protected everywhere, but under President Wilson American lives and property have received no consideration and still the democrats cry 'the president has kept us out of war!' In the first place, we could not have gotten into war because we were not prepared and in the second place, there was no occasion for any war. The president's policy of being too proud to fight has made us the laughing stock of the world."

Mr. Jewett had a word of praise for the state ticket and declared that Marion county was going to elect its entire republican ticket and urged that Rush county do the same. Mr. Jewett urged the young republicans to take a part in politics.

"As a citizen you have a greater duty than merely saluting the flag. Being patriotic is more than this. As a citizen it is your duty to go to the polls and exercise your right of citizenship."

Revilo Ferguson left today for Marion on a business visit.

IVY COMPANY WILL LEAVE EARLY SUNDAY

Plans are Changed Because it is
Impossible to House Knights
at Coliseum

WILL REMAIN UNTIL MONDAY

George Coons, captain of Ivy company No. 35, U. R. K. of P., received a message late yesterday afternoon to the effect that the camp of the Indiana brigade of Uniform Rank could not be held at the state fair grounds in Indianapolis Sunday and Monday just exactly as had been planned. Preparations could not be made to quarter the men in the Coliseum so Ivy company, which had arranged to leave here Saturday evening and return Monday evening, will not depart until Sunday morning. The company will leave the building at 6 a. m. in automobiles.

Sunday dinner and supper Monday breakfast, and Sunday night's lodging will be furnished free by the Indiana brigade and the Knights will be housed in Indianapolis hotels. The original purpose of the camp was to participate in the fraternal day exercises Monday in connection with the state centennial, but the Indiana brigade decided some time ago to make it a two-day affair.

MANY OLD RELICS ARE DISCOVERED

Committee Finds Wedgewood Vase
That Harks Back to Early in
Eighteenth Century

A BIBLE PRINTED IN 1668

The old relics committee of the Centennial, Home Coming and Fall Festival here week after next reaped a rich harvest yesterday afternoon when some members went in search of curios in Rush county homes. They found a house full of relics at the home of Mr. and Mrs. Frank Jones in Ripley township, and although many of the things are very valuable, Mrs. Jones offered the use of any of her family heirlooms for display purposes at the Centennial.

One of the things especially praised by the committee is an old wedgewood vase, which is of fine porcelainlike ware first made by Josiah Wedgewood, 1730 to 1795. The vase has a copper luster, the art of the making of which was lost when the one who discovered it died early in the eighteenth century. Mr. and Mrs. Jones have a solid walnut four-poster bed and many other interesting relics which have been offered.

Since the story was published yesterday that the committee was after relics, word has been received of several. A Bible that was published in 1668 has been offered to the committee for display.

ONE CLASS NEED NOT REGISTER

Man Who Voted in 1914 and Has
Not Moved From Precinct
Only One Who Escapes

REGISTRATION DAY OCT. 9

Many Confused by Belief That Vot-
ing in Primary Qualifies for
Voting in November

The man who registered and voted in 1914 and has not since moved out of his precinct is the only man who can vote on Tuesday, November 7, without registering again on Monday, October 9.

This is the one fact that political managers in Rush county are trying to drive home with every voter. There is so much confusion about the registration law that there is a constant fear in the minds of those who are responsible for getting out the vote that the men of Rush county will misunderstand the law, because of the many chances for mistake.

In the first place, many have become confused by the belief that voting in the primary in March was sufficient to qualify a voter for exercising his franchise at the general election in November. Such is not the case, however, because the primary had nothing whatever to do with the registration or election.

In the next place, the idea prevails in the minds of many voters that if a man registered in 1914 he does not have to register this year, providing he has not moved out of the precinct in which he lived when he registered in 1914. This is a half truth that is probably responsible for much of the trouble arising from the registration. No man can vote this year without registering, unless he not only registered but voted as well in 1914, and is living in the same precinct as he did in 1914 when he registered.

In an effort to account for every Republican voter in the county and notify him that he has to register, if such be the case, the Republican central committee is having checked off the poll books and the primary records the names of all Republican voters and those who need to register will be notified by their precinct committeeman or some one delegated for that purpose by the committeeman.

But there are three classes of voters who can not be reached by this method: the first voters, those who have moved into Rush county since the primary and those who have moved in since the last poll was taken and did not vote at the primary. All three classes must register. It is assumed by the committee that all first voters know they must register on Monday, October 9.

There is one other phase of the registration that is causing the central committee a lot of worry. That is the clause providing for absent voters. The law says that a voter who will not be in the place where he votes on registration day may file a blank which is the same as registering and which entitles him to vote at the general election. The central committee urges that every voter who anticipates that he will be away on registration day to call at headquarters and have this blank filled out. The committee has been at work sending these blanks to all voters who live away from Rushville but claim this as their home and vote here.

In many counties the poll books were destroyed, in which case, a special commission of lawyers appointed by the governor held, every man has to register in order to vote in November because there is no re-

PAY TRIBUTE TO SENIOR MEMBERS

Members of Franklin Lodge, No. 35,
I. O. O. F. Hear Interesting
Reminiscent Talks

PAPER BY THEO. ABERCROMBIE

Offers Brief History of Lodge Cov-
ering Period of 60 Years he
Has Been a Member

Franklin Lodge, No. 35 I. O. O. F. paid tribute last night to its senior members—those members who have been affiliated with the lodge for a period of 25 years or longer. One hundred persons were in attendance and the program included short talks by all of the senior members present, the reading of letters from those from a distance who were unable to attend, and an address by Judge Will M. Sparks, who spoke in behalf of the lodge.

Theodore Abercrombie, the oldest living member of this lodge, read an interesting paper in which he gave a brief history of the order in this city. Mr. Abercrombie has been a member of Franklin lodge for a period of over sixty years. Mr. Abercrombie was initiated into the order May 28, 1856 and as far as he knows there is no one living today who was a member of the lodge at that time.

Mr. Abercrombie gave many reminiscences dealing with the order and told how the lodge here almost went under during the Civil war.

During this period Mr. Abercrombie acted as janitor of the lodge and in order that it might be helped financially he donated his salary of \$25 a year to the lodge. Mr. Abercrombie recalled many changes that have taken place in Rushville during his sixty years of membership.

Edwin Farrer, past grand master, presided at the meeting and called on everyone of the senior members present for a brief talk. The following senior members, many of whom have been members for almost fifty years were present: V. C. Bodine, D. M. Kinney, F. E. Early, J. K. Mattox, Edgar Walker, J. T. Arbuckle, Adam Urbach, James E. Hinchman, H. E. Barrett, M. C. Dawson, Edwin Farrer, James C. Giegg, Frank Smith, George C. Wyatt, Alvan Moor and Henry W. Schrader.

Senior members who sent a letter to be read at the meeting are as follows: Robert Dunn, Muncie; W. F. Wright, Hartford City, and A. M. Mauzy, Indianapolis.

Capt. John K. Gowdy, C. A. Broadhead, Alvin Moore, James G. Vance and A. T. Mabin are the senior members who were unable to attend the meeting on account of sickness.

According to the records of the lodge, other senior members are J. H. Stevens, J. M. Amos, W. H. Amos, Sam Young, O. O. Felts, Howard Stamm, James Goodbar, M. S. Peckinpah, W. S. Conde, L. H. Havens, of this city, and R. E. Wilson of Salem, Oregon, and David Wert of Muncie, Ind.

LITTLE BOY IS KIDNAPPED

4-Year-Old of Richmond Brought
Here by His Grandfather

Little Wayne Simmonds, 4 years old, of Richmond was picked up here today by the police, who were asked by the Richmond officers to locate the boy. It was alleged that he was kidnapped by his grandfather, Edward Hilling and brought to this city where he was turned over to the care of his great grandmother. Hilling returned to Richmond and was arrested. The little boy was placed in the custody of Miss L. B. Roser, visiting nurse, to await the arrival of someone from Richmond.

HORSE DIES IN SMASH-UP

Ralph Edwards Bruised When Auto
Hits His Buggy

Ralph Edwards, son of Frank Edwards, living in Westland, a few miles west of Carthage, narrowly escaped injury last evening about 6:30 o'clock when an automobile driven by an unidentified man ran into Edwards' horse and buggy on the National pike about a mile east of Greenfield. The horse was killed and the buggy smashed, but young Edwards escaped with a few bruises. The Edwards family formerly lived in Morristown.

FOX BROTHERS SELL DRUG STORE

Dispose of Stock to Ed Pitman and
Charles Wilson of Chicago,
Formerly of Rushville

OWN STORE JUST 11 MONTHS

Fox Brothers today sold their drug store at the corner of Main and Third streets to Ed Pitman, the clerk in the store, and Charles Wilson of Chicago, who began the drug business here with the late John Wehrle about sixteen years ago. Mr. Wehrle owned the store that after several changes Mr. Pitman and Mr. Wilson today bought.

It was just eleven months ago yesterday that Fox Brothers bought the store of T. W. Lytle. They came here from Bicknell, Ind., where they had been in the drug business. Mr. Lytle bought the store twelve years ago from Mr. Wehrle, who came here in 1897 and took possession after W. J. Waite had retired from the place. Fifteen years ago the store was moved from the room now occupied by Humes and Buell to its present location.

After working for Mr. Wehrle here a few years, Mr. Wilson studied pharmacy at Northwestern University in Chicago and was graduated there. He was in Anderson a short time and then went to Chicago and worked as a pharmacist for a time. Later he purchased a drug store and has been running it for several years. Mr. Pitman came here from Cambridge City fifteen years ago and been identified with the same store all that time. This is his thirty-first year in the drug trade.

GREECE EXPECTED TO DECLARE WAR

King Constantine Will Make Formal
Statement Against Bulgars
Within Two Days

KING IS STILL AT CAPITAL

(By United Press.)

London, Sept. 28.—King Constantine will make an important declaration either today or tomorrow, according to advices received by the British foreign office this evening. These advices stated that reports that the Greek king had left his capital are not true.

The foreign office advices left little doubt that Greece is about to declare war on Bulgaria. The king's proclamation, it is believed here, will recite the invasion of Greek territory by the Bulgars as a reason for a declaration of war. The contents of the messages to the foreign office were made public to refute the reports from Rome and Copenhagen that Constantine had left his capital.

SEEKS PART OF \$25,000 ESTATE

Faris Carroll of Madison Claims to
be Illegitimate Son of Late
Ovid Campbell

CAME FROM SHEBLY COUNTY

Mother of Deceased is Fighting for
Her One-Fourth in Case There
are no Children

The case of Margaret Campbell against Annie Campbell and Faris Carroll, for partition and quiet title, in which the principal contention is whether Carroll, who claims to be an illegitimate son of the late Ovid Campbell, is to share in the estate with the widow, Mrs. Margaret Campbell, or whether Mrs. Annie Campbell, mother of the deceased is to get one-fourth of the estate, started in circuit court today before a jury.

The case was sent to this county on a change of venue from Shelby county and is the first of its kind ever tried here. The estate of the late Ovid Campbell at \$25,000.

Faris Carroll, who claims to be the legitimate son, must prove this and also the fact that he was acknowledged as such by Campbell before he can share in the estate according to the laws of descent which would give him one-half of the estate along with the widow. On the other hand Mrs. Annie Campbell, the mother would share in one-fourth of the estate if he should not be a son of her son.

The case is being tried on the cross-complaint and promises to develop into one of the most interesting trials ever held here. Carroll is a resident of Madison. The opening statement was made to the jury this morning and an early adjournment was taken until this afternoon awaiting the arrival of Carroll and a party from Madison.

Not much difficulty was had in securing a jury as most of the men had never heard of the case. The jury is composed of the following: Oliver Megee, E. B. Vickery, E. W. McKibben, M. A. McDonald, Joseph Clawson, Talbert Kirkham, John Bassell, Elmer E. Hungerford, James D. Clifton, Alva A. Newsom, Thomas W. Logan and Robert S. Longfellow.

The case presents several peculiar angles. Mrs. Campbell, the widow, is the administratrix of the estate and in order to dispose of the estate had brought suit for partition. Then Carroll filed a cross-complaint setting up his claims to a share in the estate as a son and on this issue the case is being tried.

SAYS ITS SENSATIONAL

Evansville, Ind., Sept. 27.—Evangelist Henry W. Stough, who tried to drive the devil out of Atlantic City is showing "pocket" folks new methods in evangelism. In one evening he lay down on the platform to imitate the prophet Ezekiel preaching from the gutter; enacted the stagger of a drunkard; mimicked the walk of fashionable local women and finally climbed on a chair to portray the crucifixion of Christ.
"Evansville women wear open-work hosiery to attract men he said. He added that he was glad he was accused of sensationalism, because no book so sensational as the bible was ever written."

ORGANIZE TEAM

The Carthage high school basketball team was organized last night with Hill and Ruby as forwards; Schuweman, center and captain, and Binford, Winslow and Kennedy, guards. The schedule is now being made, but Carthage people do not feel that the team will be more than 50 per cent as strong as last year's. Hill is the only man left from last year's five.

"Only 'Gets-It' for Me After This!"

It "Gets" Every Corn Every Time. Painless. Nothing More Simple.

"I'll tell you what, I've quit using toe-eating knives for corns. I've quit making a package out of my toes with bandages and contraptions—quit digging with knives and scissors. Give me 'GETS-IT' every time!"

When You See These Pretty Girls in Your Druggist's Window It's a Good Time To End Your Corns.

That's what they all say the very first time they use "GETS-IT". It's because "GETS-IT" is so simple and easy to use—put it on in a few seconds—because there is no work or corn-fooling to do, no pain that shoots up to your heart. It gets your corns off your mind. All the time it's working—and then, that little old corn peels right off, leaves the clean, corn-free skin underneath—and your corn is gone! No wonder millions prefer "GETS-IT". Try it tonight. "GETS-IT" is sold and recommended by druggists everywhere. 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Rushville and recommended as the world's best corn remedy by Hargrove & Mullin.

Carranza Tells Truth

"General" Carranza has furnished to the press copy of a communication he has addressed to the governors of the various Mexican states in which he confirms the accuracy of these dispatches regarding the New London conference. Carranza gets mixed up regarding the political parties, it is true, and charges that the Republican papers have been misrepresenting the New London conference, but he goes on to say, "I assure you that the Mexican commissioners are following my instructions and are only discussing the withdrawal of American troops from our national territory." That is precisely what the Republican press generally has asserted. It is the Democratic papers publishing reports inspired by the Wilson administration, which have asserted that the internal affairs of Mexico were being discussed, that a broad program for rehabilitating Mexico and effecting the reforms of which the unfortunate republic is so sorely in need, has been under consideration. Once more Carranza confounds his benefactor, Woodrow Wilson, and makes perfectly clear what critics of the administration have all along asserted, that the Mexicans as represented by Carranza will not brook any interference by Mr. Wilson and that the New London conference is merely a subterfuge to tide over the Mexican situation until after the election.

Wilson's Reasoning

In his first speech in defense of the Wilson-Adamson wage increase bill, President Wilson declared that the controversy was simple indeed, that it involved a question of wage increase and a question of the 8-hour day. "I do not regard the question of the principle of the eight hour day as arbitrable," he asserted. But, he said, the question of an increase of wages is arbitrable. Mr. Wilson made an attempt to explain, however, how it was that holding the view that the question of the 8-hour day was not, and that the question of an increase of wages was arbitrable, he proceeded to have Congress pass a law which increased wages from 20 to 25 per cent and which does not accomplish the 8-hour day, or affect in any way the length of time railway employees shall labor. Mr. Wilson said, "Labor is not a commodity." And then he went on to cite the "30-cent gas case," which was decided by the Supreme Court, gas being, of course, a commodity, and the decision in no way pertinent to the railway controversy.

A non-partisan newspaper which has been making an investigation of the subject declares that the United States at the present time is exporting goods to Russia at the rate of \$2,000,000 a day. These exports include not only ammunition and those things recognized as munitions of war, but medicines, barbed wire used to make barricades, agricultural tools and, indeed, everything which the Russians, with their vast army in the field, are unable to make for themselves.

On this tour the myth about Mr. Hughes being chilly and reserved is receiving a death-blow. Never has there been a candidate who gave less of an impression of aloofness. Mr. Hughes is not the emotional, effervescent type that Col. Roosevelt is, for example, but he radiates a cordiality that is winning and convincing.

With the tremendous amount of brains in evidence in this country it is passing strange that we can not marshal sufficient inventive genius to manufacture our own dye stuffs and other commodities that are cut off by the war in Europe. We are a great people in some respects, but pigmies in others.

Money again! John D. went to church the other Sunday, smiled a time or two, and immediately the whole country was bulletined to the effect that he was enjoying himself immensely in Cleveland.

Mexican authorities insist that Carranza has restored order and is enforcing law in that country. Of course. And we expect soon to hear that Villa is teaching a Sunday school class.

THE WIND FROM MAINE.

A wind that's from the rocks and sea and scented by the pine Sweeps through the sycamores today and where sequoias line The ranks of giant sentinels that guard the western slopes, The balsam of this briny breeze brings heavy hearts new hopes.

The mountains and the rivers cry the message that is Maine's To men whose pride was shattered, and their desperation wanes; Again their hearts are raised to look the future in the face For Maine has been the clarion that's heartening a race.

'Twas shame that sunk the souls of us to depths we never knew In days our flag was honored in the harbors where it flew, When nations paid us homage, for they knew our hands were white, Ere blood of our own countrymen had stained them like a blight.

And now again our songs we sing of deeds that we must do To make the dream that passed away come marvelously true: For the sturdy souls that breathe the pine have brought to life again The faith that fills a nation's heart that feels the wind from Maine.

EDITORIAL COMMENTS.

If you had two dollars to invest would you trust it to the business sagacity of Josephus Daniels? Then, why let him handle the millions that are to be spent on the new navy?

Judging by the signs of War Department activity the Administration is cunningly arranging to bring the militiamen home just in time to enable them to vote for Mr. Hughes.

A train of thought on a one-track mind has to be composed of shuttle cars.

Three years ago Woodrow Wilson was explaining that hard times were psychological, but he isn't trying to squirm out of responsibility for the present prosperity.

The disaster to the Memphis caused very little excitement, Americans being used nowadays to seeing the navy on the rocks.

This Democratic Congress has passed into history—profane history.

President Wilson's speech of acceptance could have been phrased even more succinctly in the graphic words of Boss Tweed, "What are you going to do about it?"

We see by the interviews with the Mexican commissioners that the campaign slogan this year in the Sonora bandit belt is "Thank God for Woodrow Wilson."

Mr. Wilson's eulogy of Lincoln at Hodgenville was more literary but less sincere than the one he pronounced upon himself at Shadow Lawn.

The new half dollars will have an olive branch on one side and on the other an eagle, in full flight. Wilson money.

Motto of the McAdoo shipping law: "The sun never rises on the American flag."

A Democrat's idea of an ideal watchdog of the Treasury is a Pommeranian.

Mr. Wilson is now busily engaged working the other side of the suffrage street.

The campaign agents who two years ago were busily engaged thanking God for Woodrow Wilson seem to be taking their vacations just now.

A record wasn't the only thing the late Congress broke—there's the Federal Treasury.

Congress didn't want a Tariff Commission composed of \$12,000 men, those \$7,500 salaries being designed for \$1,200 men.

President Wilson's scheme for commissions for everything has been adroitly planned to make three jobs for deserving Democrats grow where only one would grow before.

Vice-President Marshall says Mr. Hughes is an echo of the past. Quite true. Of statesmanship, of patriotic performance and safe legislation.

First fruits of the Adamson bill: The New York street car strike.

SINFUL MUTILATION

OF FAMOUS SPEECH

We notice that the editor of the Democratic campaign book, made up of samples of "Woodrow Wilson's Wit and Wisdom," has tampered with one specimen speech by omitting the phrase "too proud to fight."

This smacks of lese majeste, to say the least. The only possible excuse for this sin of omission that we can think of is that there may also be times when a haughty handbook compiler is too proud to print.

BORDER DRILL IS MAKING ARMY

Is Proving an Experiment Station
Where Men Are Being Put
Into Condition.

READY FOR FUTURE SERVICE

Needs of Army Were Brought Out—
Real Preparedness is Expected
to Result.

BY WEBB MILLER.
(U. P. Staff Correspondent.)

El Paso, Tex., Sept. 28.—With 100,000 state militia troops strung from gulf to gulf, the border is now a gigantic eighteen-hundred-mile-long training camp and preparedness experiment station. The guardsmen are being drilled ceaselessly and whipped into condition as for actual warfare. Out of the tangled Mexican situation the United States will emerge with a new citizen army of 150,000 men.

Not only are the men being prepared but millions of dollars in equipment is being added to the army permanently. When the guardsmen detained on the border they were only partly equipped for war under any conditions. With few exceptions they would have been able to take the field only after long delay for necessary equipment.

But when they leave the border Uncle Sam will have at least 150,000 "citizen soldiers" ready to "spring to arms before sundown in defense of their country."

Here are some of the material things the "Mexican situation" and mobilization of the national guard has done:

Provided a new army of more than 100,000 trained citizen soldiers.

Added 1000 motor trucks with trained civilian and soldier drivers and machinists. Before the Columbus raid we had but a few score machines.

Added about forty new aeroplanes to the aero squadron with an adequate motor truck convoy and automobile machine shops. Two weeks after Pershing crossed the border we had not one machine in flying condition.

Added 65,000 horses and mules to the equipment of the army, including in this the thousand-and-one articles that go with such an increase.

Gave impetus to tests of machine guns, bomb-dropping devices and photographic devices to bring the aero squadron to modern efficiency.

Brought forcibly to the attention of the war department the need for hundreds of machine guns that would shoot. Tests of different types are now being made.

Added caterpillar tractors, traction engines all manner of road building machines, gasoline tank trucks, water carts, portable radio stations, scores of touring cars for officers, etc.

Replaced old-fashioned mule-drawn ambulances with more than one hundred new motor ambulances.

Added nearly one hundred traveling cooking outfits.

Provided hundreds of other needs of an army and thrown the spotlight on the absence of thousands of others.

"Learn and go Higher" Idea Used
by Chicago Firms Help Eliminate Juvenile Problems.

MOVEMENT IS TAKING HOLD

(By United Press.)

Chicago, Sept. 28.—A big step in solving juvenile problems is being taken by Chicago firms employing boys and young men.

"Learn and go higher" is the slogan adopted by Chicago employers who, following the lead of Swift & Company, packers, are offering inducements and incentives to youthful ambition in the shape of helpful organizations, night schools and branch libraries.

Lewis Atherton, former superintendent of the LaCrosse, Wis., state normal school, is in charge of the work at Swifts. "To train the boys to a higher standard is the object in offering these facilities of study," explained Atherton today. "We are offering many special inducements to the youth who takes advantage of the school, and we encourage him according to his aptitude."

The bride is well known here, being very prominent in the social circles of the city.

FOR MR. AND MRS. MAUZY

One of the most auspicious events of the season's social's calendar will be the receptions to be given tomorrow honoring Mr. and Mrs. H. Louis Mauzy, who were recently married in Chicago. A reception in the afternoon, a six o'clock dinner, and a reception in the evening are to be given at the home of Mr. Mauzy's parents, Mr. and Mrs. C. A. Mauzy at 611 North Harrison street. The hosts and hostesses for the affairs are Mr. and Mrs. C. A. Mauzy, Mr. and Mrs. Hugh Mauzy and Mrs. Mary Dixon. Mr. and Mrs. Louis Mauzy were expected to return today from their honeymoon through Wisconsin. Mr. and Mrs. George Dehority of Elwood will also be here.

FAREWELL PARTY

Mr. and Mrs. George King, who have moved to Newcastle, were honored Tuesday evening when a surprise was given in their honor; inasmuch as they left today for Newcastle where they will make their future home. The affair was given at their home in West Tenth street, and after the 35 friends and neighbors had arrived, the evening was given over to a social good time. Refreshments of ice cream and cake were served. In the party were Mr. and Mrs. Jake Smith, Mr. and Mrs. Ed Powell and family, Mrs. Eli Martin and daughter, Mr. and Mrs. Orval Collier and son, Mr. and Mrs. Dora Edwards and family, Mr. and Mrs. Frank McFarlan and family, Mr. and Mrs. Will Webb and family and Mrs. Wilson and family.

GLASS OF WATER BEFORE YOU EAT ANY BREAKFAST

Wash Posion From System Each Morning and Feel Fresh As a Daisy

Every day you clean the house you live in to get rid of the dust and dirt which collected through the previous day. Your body, the house your soul lives in, also becomes filled up each twenty-four hours with all manner of filth and poison. If only every man and woman could realize the wonders of drinking phosphated hot water, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

Everyone, whether sick or well, should drink each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.—(Adv.)

A number of the friends and relatives of Mrs. Lily Ray are being entertained at her home in Falmouth tomorrow with a pitch-in dinner.

FOR JUNE DIVISION

The pitch-in dinner at the home of Mrs. J. Frank Wilson at her country home near New Salem today was for the members of the June division of the Little Flatrock Christian church. An elegant four course dinner was served, which was followed by an inspiring program consisting of musical numbers, papers and devotions. The members of the division who enjoyed this affair were Mrs. Fannie Logan, Mrs. Wilna Logan, Mrs. Mary Poston, Mrs. Blanche Wilson, Mrs. Letha Wilk, and children, Mrs. Marietta Stiers, Mrs. Laura Oneal, Mrs. Gertrude Murphy, Mrs. Gertrude Miller, Mrs. Paul Fisher and Mrs. Sadie Wilson.

DAINTY BIBS FOR BABY

Bibs are very necessary for babies, especially when they are getting their teeth; if the little chest is not protected the saliva gets through the frock and the little mite suffers discomfort and often gets a chill.

The little bib is easily made; one ordinary handkerchief will make four of them.

Take a nice fine linen or lawn handkerchief and cut in into four; take one quarter and neatly hem the edges, first of all cutting out a little round baby's neck. Hem this or bind with a little white baby ribbon. At each side of this neck part sew on a piece of ribbon to tie.

Now take some pretty narrow lace and edge all around the bib with it; this gives such a dainty effect and makes the bib suitable for very best. A little pad of white flannel should be made loose with that thin white waterproof material, the flannel even will not get wet. This pad can be fastened under the bib with tiny safety pins, and must be made a little smaller than the outside.

A set of these simple bibs would be an ideal present for baby, and certainly would be greatly appreciated by the mother.

Fashion, Fads and Fancies are beautifully expressed in the new blouses and waists—embodiments of loveliness.

Dainty and charming frocks and dresses for afternoon and street wear—we want you to see them.

At Your Service, Madam Fads and Fashions of the Hour

With a distinction in style that marks them as Mauzy's, the new tailored suits are models of clever desinging and tailoring. The charm of gracefulness and beauty finds expression in every line of these ready-to-don garments. With the autumn opening of 1916 a matter of history, the handsome garments exhibited are certain to find ready owners. Will you be one of them? The range of styles, colors, and sizes will never be greater, so come tomorrow. Examine closely the garments you have seen on the models.

DANCING AND EDUCATION

The vogue of the dance, far from exhausting itself after a season or two of over-enthusiasm (as in the case of ordinary art or physical culture fads) is manifesting fresh and highly interesting developments. No longer is it restricted to health-promoting and strenght-promoting exercises, nor to amusement, but in a great many colleges and universities it has been enlisted in the aid of teaching science and history. Those who have made a careful study of this art are exponents of the doctrine that everything can be symbolized by the dance.

It is also interesting to note that the classic dancing of today is a revival or at least a reflection of dancing as it was practised by the ancient Greeks. The followers of the "Natural Dance" have abandoned the musical rhythms of human composers in favor of the greatest of teachers, Nature, and find their inspiration in the frolicsome spirit of waves playing with the wind, clouds floating across the blue sky, the trees, the streams, and the wild free graces of the sea-gull.

It is admitted that far too little consideration has hitherto been given by English women to the art of deportment, and dancing. The acknowledged grace of style and elegance of carriage, of more particularly the French and Russian Race, is mainly owing to the fact that from youth upwards, physical deportment has been given that attention in the education of the young which it deserves.

Parents of English children are gradually acknowledging his fact, and no course of education can be complete which does not include the necessary exercises which are absolutely essential to secure a healthy physical condition.

The Management of the London Opera House, while in no ways ignoring the fact that many of the pupils of the public schools may be enlisted into the professional ranks by reason of exceptionally ability are particularly desirous that the institution should be an educational factor and a veritable University of Dancing.

Princeton, Ind., Sept. 28.—Domestic tranquility will prevail in the home of Mr. and Mrs. Clarence M. Spiegel—at least as far as hot words are concerned. Mr. Spiegel who lives in St. Louis, and Miss Eunice Bradbury, of this city, both mutes—were married here. The ceremony was performed in writing.

HEBREWS START CAMPAIGN FUND

Systematic Work Started Whereby
\$2,000,000 Will be Raised For
Charity.

DISTRIBUTION NEXT YEAR

(By United Press.)
New York, Sept. 28.—A systematic campaign to raise \$2,000,000 for charity by December 1 was started in New York today by the Federation for the Support of Jewish Philanthropic Institutions.

Dispensation of the fund will take place during 1917. The federation will act as a co-operative clearing house both for collection and dispensation and thus hopes to abolish duplication of effort amongst the 100 odd New York Jewish charities gathered under its banner.

Under the regulations each of the participating charities is to have at least as much money applied to it as in average years heretofore. In addition to the fund for the distribution the Federation intends to collect a surplus of \$200,000 for general work. This brings the total

needed to \$2,000,000. A decreased soliciting cost and good will on the part of the givers, because once giving they will be assured of not being solicited again, are depended on to yield the sum aimed at.

CITY OFFICIALS IN FEDERAL COURT

Mayor and Others of Hammond Appear to Fight an Injunction
Against City.

C. & O. RAILROAD INVOLVED

(By United Press.)
Indianapolis, Ind., Sept. 28.—Mayor Smalley and twenty-two other city officials of Hammond, Ind., where scheduled to appear in federal court here today to show cause why an injunction should not be issued to restrain them from interfering with the operation of the Chesapeake and Ohio railroad and other railroad lines in the city.

The case grew out of the refusal of the railroad to construct a \$5,000 depot in Hammond. The Chesapeake and Ohio purchased the line several years ago. Under the franchise which the old line was operating, the road was supposed to construct a \$5,000 depot at Hammond.

The Chesapeake and Ohio officials claim that when they purchased the line, they had no knowledge of the clause in the franchise and that road was allowed to operate several years without being forced to fulfill the requirements.

When the railroad recently refused to construct the depot, the common council passed any ordinance revoking the franchise.

CLUB HOLDS ITS FIRST MEETING

One Hundred Present at Smoker
Given by the Hughes Hustlers
Wednesday Night

CHESTER JEWETT SPEAKS

Club Enrollment Boosted to 125 and
Will be Increased More—Ar-
thur Robinson Coming

A crowd of one hundred attended the organization meeting last night of the Hughes Hustlers, the young men's republican club of this county. The meeting was in the nature of a smoker, cigars and apples being passed out, and was along the line of organization. Chester Jewett, of Indianapolis, a brother of Charles Jewett, Marion county chairman, was the principal speaker and was introduced by Dr. J. C. Sexton.

Cecil Tague of Brookville, district organizer of the young men's clubs, was also present and told in a brief way the purpose of the clubs. The work of perfecting the local club is coming along nicely, the enrolled membership to date numbering 125. This will be increased as rapidly as possible. A week from Friday night Arthur Robinson of Indianapolis will speak at the Graham Annex auditorium under the auspices of the club and all of the young men of the county have been asked to co-operate with the local club in making the meeting a success.

Mr. Jewett urged that this organization be perfected and declared that whichever party was successful in the coming election, that success would be due to organization. "The campaign will be fought out on the lines of organization," said Mr. Jewett, "and the party having the best organization will win."

Jewett made a plea for the first voters to vote straight. He declared that it would be useless to elect Charles E. Hughes president without giving him a republican congress. "The two great parties," said Jewett, "believe in certain well defined policies. If you believe that the republican party can give you the best in government, then we should vote the ticket straight in nation, state and county."

Jewett severely arraigned President Wilson on his Mexican and foreign policies and predicted that after Nov. 7 the president would step from the White House to take the presidency of some correspondence school as his note writing had certainly qualified him to a position of this kind.

"Time was," said the speaker, "when American lives and rights were protected everywhere, but under President Wilson American lives and property have received no consideration and still the democrats cry 'the president has kept us out of war!' In the first place, we could not have gotten into war because we were not prepared and in the second place, there was no occasion for any war. The president's policy of being too proud to fight has made us the laughing stock of the world."

Mr. Jewett had a word of praise for the state ticket and declared that Marion county was going to elect its entire republican ticket and urged that Rush county do the same. Mr. Jewett urged the young republicans to take a part in politics.

"As a citizen you have a greater duty than merely saluting the flag. Being patriotic is more than this. As a citizen it is your duty to go to the polls and exercise your right of citizenship."

Reville Ferguson left today for Marion on a business visit.

IVY COMPANY WILL LEAVE EARLY SUNDAY

Plans are Changed Because it is
Impossible to House Knights

WILL REMAIN UNTIL MONDAY

George Coons, captain of Ivy company No. 35, U. R. K. of P., received a message late yesterday afternoon to the effect that the camp of the Indiana brigade of Uniform Rank could not be held at the state fair grounds in Indianapolis Sunday and Monday just exactly as had been planned. Preparations could not be made to quarter the men in the Coliseum so Ivy company, which had arranged to leave here Saturday evening and return Monday evening, will not depart until Sunday morning. The company will leave the building at 6 a. m. in automobiles.

Sunday dinner and supper Monday breakfast, and Sunday night's lodging will be furnished free by the Indiana brigade and the Knights will be housed in Indianapolis hotels. The original purpose of the camp was to participate in the fraternal day exercises Monday in connection with the state centennial, but the Indiana brigade decided some time ago to make it a two-day affair.

MANY OLD RELICS ARE DISCOVERED

Committee Finds Wedgewood Vase
That Harks Back to Early in
Eighteenth Century

A BIBLE PRINTED IN 1668

The old relics committee of the Centennial, Home Coming and Fall Festival here week after next reaped a rich harvest yesterday afternoon when some members went in search of curios in Rush county homes. They found a house full of relics at the home of Mr. and Mrs. Frank Jones in Ripley township, and although many of the things are very valuable, Mrs. Jones offered the use of any of her family heirlooms for display purposes at the Centennial.

One of the things especially prized by the committee is an old wedgewood vase, which is of fine porcelainlike ware first made by Josiah Wedgewood, 1730 to 1795. The vase has a copper luster, the art of the making of which was lost when the one who discovered it died early in the eighteenth century. Mr. and Mrs. Jones have a solid walnut four-poster bed and many other interesting relics which have been offered.

Since the story was published yesterday that the committee was after relics, word has been received of several. A Bible that was published in 1668 has been offered to the committee for display.

ONE CLASS NEED NOT REGISTER

Man Who Voted in 1914 and Has
Not Moved From Precinct
Only One Who Escapes

REGISTRATION DAY OCT. 9.

Many Confused by Belief That Vot-
ing in Primary Qualifies for
Voting in November

The man who registered and voted in 1914 and has not since moved out of his precinct is the only man who can vote on Tuesday, November 7, without registering again on Monday, October 9.

This is the one fact that political managers in Rush county are trying to drive home with every voter. There is so much confusion about the registration law that there is a constant fear in the minds of those who are responsible for getting out the vote that the men of Rush county will misunderstand the law, because of the many chances for mistake.

In the first place, many have become confused by the belief that voting in the primary in March was sufficient to qualify a voter for exercising his franchise at the general election in November. Such is not the case, however, because the primary had nothing whatever to do with the registration or election.

In the next place, the idea prevails in the minds of many voters that if a man registered in 1914 he does not have to register this year, providing he has not moved out of the precinct in which he lived when he registered in 1914. This is a half truth that is probably responsible for much of the trouble arising from the registration. No man can vote this year without registering, unless he not only registered but voted as well in 1914, and is living in the same precinct as he did in 1914 when he registered.

In an effort to account for every Republican voter in the county and notify him that he has to register, if such be the case, the Republican central committee is having checked off the poll books and the primary records the names of all Republican voters and those who need to register will be notified by their precinct committeeman or some one delegated for that purpose by the committeeman.

But there are three classes of voters who can not be reached by this method: the first voters, those who have moved into Rush county since the primary and those who have moved in since the last poll was taken and did not vote at the primary. All three classes must register. It is assumed by the committee that all first voters know they must register on Monday, October 9.

There is one other phase of the registration that is causing the central committee a lot of worry. That is the clause providing for absent voters. The law says that a voter who will not be in the place where he votes on registration day may file a blank which is the same as registering and which entitles him to vote at the general election. The central committee urges that every voter who anticipates that he will be away on registration day to call at headquarters and have this blank filled out. The committee has been at work sending these blanks to all voters who live away from Rushville but claim this as their home and vote here.

In many counties the poll books were destroyed, in which case a special commission of lawyers appointed by the governor held every man has to register in order to vote in November because there is no record.

PAY TRIBUTE TO SENIOR MEMBERS

Members of Franklin Lodge, No. 35,
I. O. O. F. Hear Interesting
Reminiscent Talks

PAPER BY THEO. ABERCROMBIE

Offers Brief History of Lodge Cov-
ering Period of 60 Years he
Has Been a Member

Franklin Lodge, No. 35 I. O. O. F. paid tribute last night to its senior members—those members who have been affiliated with the lodge for a period of 25 years or longer. One hundred persons were in attendance and the program included short talks by all of the senior members present, the reading of letters from those from a distance who were unable to attend, and an address by Judge Will M. Sparks, who spoke in behalf of the lodge.

Theodore Abercrombie, the oldest living member of this lodge, read an interesting paper in which he gave a brief history of the order in this city. Mr. Abercrombie has been a member of Franklin lodge for a period of over sixty years. Mr. Abercrombie was initiated into the order May 28, 1856 and as far as he knows there is no one living today who was a member of the lodge at that time.

Mr. Abercrombie gave many reminiscences dealing with the order and told how the lodge here almost went under during the Civil war.

During this period Mr. Abercrombie acted as janitor of the lodge and in order that it might be helped financially he donated his salary of \$25 a year to the lodge. Mr. Abercrombie recalled many changes that have taken place in Rushville during his sixty years of membership.

Edwin Farrer, past grand master, presided at the meeting and called on everyone of the senior members present for a brief talk. The following senior members, many of whom have been members for almost fifty years were present: V. C. Bodine, D. M. Kinney, F. E. Early, J. K. Mattox, Edgar Walker, J. T. Arbuckle, Adam Urbach, James E. Hinchman, H. E. Barrett, M. C. Dawson, Edwin Farrer, James C. Giegg, Frank Smith, George C. Wyatt, Alvan Moor and Henry W. Schrader.

Senior members who sent a letter to be read at the meeting are as follows: Robert Dunn, Muncie; W. F. Wright, Hartford City, and A. M. Mauzy, Indianapolis.

Capt. John K. Gowdy, C. A. Broadhead, Alvin Moore, James G. Vapee and A. T. Mahin are the senior members who were unable to attend the meeting on account of sickness.

According to the records of the lodge, other senior members are J. H. Stevens, J. M. Amos, W. H. Amos, Sam. Young, O. O. Felts, Howard Stamm, James Goodbar, M. S. Peckinpaugh, W. S. Conde, L. H. Havens, of this city, and R. E. Wilson of Salem, Oregon, and David Wert of Muncie, Ind.

LITTLE BOY IS KIDNAPPED

4-Year-Old of Richmond Brought
Here by His Grandfather

Little Wayne Simmonds, 4 years old, of Richmond was picked up here today by the police, who were asked by the Richmond officers to locate the boy. It was alleged that he was kidnapped by his grandfather, Edward Helling and brought to this city where he was turned over to the care of his great grandmother. Helling returned to Richmond and was arrested. The little boy was placed in the custody of Miss L. B. Roser, visiting nurse, to await the arrival of someone from Richmond.

Ralph Edwards Bruised When Auto

Ralph Edwards, son of Frank Edwards, living in Westland, a few miles west of Carthage, narrowly escaped injury last evening about 6:30 o'clock when an automobile driven by an unidentified man ran into Edwards' horse and buggy on the National pike about a mile east of Greenfield. The horse was killed and the buggy smashed, but young Edwards escaped with a few bruises. The Edwards family formerly lived in Morristown.

FOX BROTHERS SELL DRUG STORE

Dispose of Stock to Ed Pitman and
Charles Wilson of Chicago,
Formerly of Rushville

OWN STORE JUST 11 MONTHS

Fox Brothers today sold their drug store at the corner of Main and Third streets to Ed Pitman, the clerk in the store, and Charles Wilson of Chicago, who began the drug business here with the late John Wehrle about sixteen years ago. Mr. Wehrle owned the store that after several changes Mr. Pitman and Mr. Wilson today bought.

It was just eleven months ago yesterday that Fox Brothers bought the store of T. W. Lytle. They came here from Bicknell, Ind., where they had been in the drug business. Mr. Lytle bought the store twelve years ago from Mr. Wehrle, who came here in 1897 and took possession after W. J. Waite had retired from the place. Fifteen years ago the store was moved from the room now occupied by Humes and Buell to its present location.

After working for Mr. Wehrle here a few years, Mr. Wilson studied pharmacy at Northwestern University in Chicago and was graduated there. He was in Anderson a short time and then went to Chicago and worked as a pharmacist for a time. Later he purchased a drug store and has been running it for several years. Mr. Pitman came here from Cambridge City fifteen years ago and been identified with the same store all that time. This is his thirty-first year in the drug trade.

GREECE EXPECTED TO DECLARE WAR

King Constantine Will Make Formal
Statement Against Bulgars
Within Two Days

KING IS STILL AT CAPITAL

(By United Press.)

London, Sept. 28.—King Constantine will make an important declaration either today or tomorrow, according to advices received by the British foreign office this evening. These advices stated that reports that the Greek king had left his capital are not true.

The foreign office advices left little doubt that Greece is about to declare war on Bulgaria. The king's proclamation, it is believed here, will recite the invasion of Greek territory by the Bulgars as a reason for a declaration of war. The contents of the messages to the foreign office were made public to refute the reports from Rome and Copenhagen that Constantine had left his capital.

SEEKS PART OF \$25,000 ESTATE

Faris Carroll of Madison Claims to

The case of Margaret Campbell against Annie Campbell and Faris Carroll, for partition and quiet title, in which the principal contention is whether Carroll, who claims to be an illegitimate son of the late Ovid Campbell, is to share in the estate with the widow, Mrs. Margaret Campbell, or whether Mrs. Annie Campbell, mother of the deceased is to get one-fourth of the estate, started in circuit court today before a jury.

The case was sent to this county on a change of venue from Shelby county and is the first of its kind ever tried here. The estate of the late Ovid Campbell at \$25,000. Faris Carroll, who claims to be the illegitimate son, must prove this and also the fact that he was acknowledged as such by Campbell before he can share in the estate according to the laws of descent which would give him one-half of the estate along with the widow. On the other hand Mrs. Annie Campbell, the mother would share in one-fourth of the estate if he should not be a son of her son.

The case is being tried on the cross-complaint and promises to develop into one of the most interesting trials ever held here. Carroll is a resident of Madison. The opening statement was made to the jury this morning and an early adjournment was taken until this afternoon awaiting the arrival of Carroll and a party from Madison.

Not much difficulty was had in securing a jury as most of the men had never heard of the case. The jury is composed of the following: Oliver Megee, E. B. Vickery, E. W. McKibben, M. A. McDonald, Joseph Clawson, T. H. Kirkham, John Russell, Elmer E. Hungerford, James D. Clifton, Alva A. Newsom, Thomas W. Logan and Robert S. Longfellow.

The case presents several peculiar angles. Mrs. Campbell, the widow, is the administratrix of the estate and in order to dispose of the estate had brought suit for partition. Then Carroll filed a cross-complaint setting up his claims to a share in the estate as a son and on this issue the case is being tried.

Kokomo Woman Files Partition Suit in Court Here Today

Mrs. Nina Beaver Hite of Kokomo filed a partition suit today in circuit in circuit court against Morrison Beaver, her father, and Minnie B. Lakin, Ray Lakin, Maude Bailey, Maurie Bailey, Elsie Barrett, Edward Barrett and the Rush County Mortgage Loan Association, as trustee. A farm of 160 acres near New Salem is involved in the estate. The plaintiff claims an interest amounting to two-twenty-firsts of the land and alleges that it is not susceptible to division and for this reason a partition is asked.

SAYS ITS SENSATIONAL

Evansville, Ind., Sept. 27.—Evangelist Henry W. Stough, who tried to drive the devil out of Atlantic City is showing "pocket" folks new methods in evangelism. In one evening he lay down on the platform to imitate the prophet Ezekiel preaching from the gutter; enacted the stagger of a drunkard; mimicked the walk of a fashionable "local woman" and finally climbed on a chair to portray the crucifixion of Christ.

"Evansville women wear open-work hosiery to attract men he said. He added that he was glad he was accused of sensationalism, because no book so sensational as the Bible was ever written."

Carranza Tells Truth

"General" Carranza has furnished to the press copy of a communication he has addressed to the governors of the various Mexican states in which he confirms the accuracy of these dispatches regarding the New London conference. Carranza gets mixed up regarding the political parties, it is true, and charges that the Republican papers have been misrepresenting the New London conference, but he goes on to say, "I assure you that the Mexican commissioners are following my instructions and are only discussing the withdrawal of American troops from our national territory." That is precisely what the Republican press generally has asserted. It is the Democratic papers publishing reports inspired by the Wilson administration, which have asserted that the internal affairs of Mexico were being discussed, that a broad program for rehabilitating Mexico and effecting the reforms of which the unfortunate republic is so sorely in need, has been under consideration. Once more Carranza confounds his benefactor, Woodrow Wilson, and makes perfectly clear what critics of the administration have all along asserted, that the Mexicans as represented by Carranza will not brook any interference by Mr. Wilson and that the New London conference is merely a subterfuge to tide over the Mexican situation until after the election.

Wilson's Reasoning

In his first speech in defense of the Wilson-Adamson wage increase bill, President Wilson declared that the controversy was simple indeed, that it involved a question of wage increase and a question of the 8-hour day. "I do not regard the question of the principle of the eight hour day as arbitrable," he asserted. But, he said, the question of an increase of wages is arbitrable. Mr. Wilson made an attempt to explain, however, how it was that holding the view that the question of the 8-hour day was not, and that the question of an increase of wages was arbitrable, he proceeded to have Congress pass a law which increased wages from 20 to 25 per cent and which does not accomplish the 8-hour day, or affect in any way the length of time railway employees shall labor. Mr. Wilson said, "Labor is not a commodity." And then he went on to cite the "30-cent gas case," which was decided by the Supreme Court, gas being, of course, a commodity, and the decision in no way pertinent to the railway controversy.

A non-partisan newspaper which has been making an investigation of the subject declares that the United States at the present time is exporting goods to Russia at the rate of \$2,000,000 a day. These exports include not only ammunition and those things recognized as munitions of war, but medicines, barbed wire used to make barricades, agricultural tools and, indeed, everything which the Russians, with their vast army in the field, are unable to make for themselves.

On this tour the myth about Mr. Hughes being chilly and reserved is receiving a death-blow. Never has there been a candidate who gave less of an impression of aloofness, Mr. Hughes is not the emotional, effervescent type that Col. Roosevelt is, for example, but he radiates a cordiality that is winning and convincing.

With the tremendous amount of brains in evidence in this country it is passing strange that we can not marshal sufficient inventive genius to manufacture our own dye stuffs and other commodities that are cut off by the war in Europe. We are a great people in some respects, but pigmies in others.

Money again! John D. went to church the other Sunday, smiled a time or two, and immediately the whole country was bulletined to the effect that he was enjoying himself immensely in Cleveland.

Mexican authorities insist that Carranza has restored order and is enforcing law in that country. Of course. And we expect soon to hear that Villa is teaching a Sunday school class.

THE WIND FROM MAINE.

A wind that's from the rocks and sea and scented by the pine Sweeps through the sycamores today and where sequoias line The ranks of giant sentinels that guard the western slopes. The balsam of this briny breeze brings heavy hearts new hopes.

The mountains and the rivers cry the message that is Maine's To men whose pride was shattered, and their desperation wanes; Again their hearts are raised to look the future in the face. For Maine has been the clarion that's heartening a race.

'Twas shame that sunk the souls of us to depths we never knew In days our flag was honored in the harbors where it flew. When nations paid us homage, for they knew our hands were white, Ere blood of our own countrymen had stained them like a blight.

And now again our songs we sing of deeds that we must do. To make the dream that passed away come marvelously true. For the sturdy souls that breathe the pine have brought to life again The faith that fills a nation's heart that feels the wind from Maine. EDWARD S. VAN ZILE —New York Sun, Sept. 13.

EDITORIAL COMMENTS.

If you had two dollars to invest would you trust it to the business sagacity of Josephus Daniels? Then, why let him handle the millions that are to be spent on the new navy?

Judging by the signs of War Department activity the Administration is cunningly arranging to bring the militiamen home just in time to enable them to vote for Mr. Hughes.

A train of thought on a one-track mind has to be composed of shuttle cars.

Three years ago Woodrow Wilson was explaining that hard times were psychological, but he isn't trying to squirm out of responsibility for the present prosperity.

The disaster to the Memphis caused very little excitement, Americans being used nowadays to seeing the navy on the rocks.

This Democratic Congress has passed into history—profane history.

President Wilson's speech of acceptance could have been phrased even more succinctly in the graphic words of Boss Tweed, "What are you going to do about it?"

We see by the interviews with the Mexican commissioners that the campaign slogan this year in the Sonora bandit belt is "Thank God for Woodrow Wilson."

Mr. Wilson's eulogy of Lincoln at Hodgenville was more literary but less sincere than the one he pronounced upon himself at Shadow Lawn.

The new half dollars will have an olive branch on one side and on the other an eagle, in full flight. Wilson money.

Motto of the McAdoo shipping law: "The sun never rises on the American flag."

A Democrat's idea of an ideal watchdog of the Treasury is a Pommeranian.

Mr. Wilson is now busily engaged working the other side of the suffrage street.

The campaign agents who two years ago were busily engaged thanking God for Woodrow Wilson seem to be taking their vacations just now.

A record wasn't the only thing the late Congress broke—there's the Federal Treasury.

Congress didn't want a Tariff Commission composed of \$12,000 men, those \$7,500 salaries being designed for \$1,200 men.

President Wilson's scheme for commissions for everything has been adroitly planned to make three jobs for deserving Democrats grow where only one would grow before.

Vice-President Marshall says Mr. Hughes is an echo of the past. Quite true. Of statesmanship, of patriotic performance and safe legislation.

First fruits of the Adamson bill: The New York street car strike.

SINFUL MUTILATION OF FAMOUS SPEECH

We notice that the editor of the Democratic campaign book, made up of samples of "Woodrow Wilson's Wit and Wisdom," has tampered with one specimen speech by omitting the phrase "too proud to fight."

This smacks of lese majeste, to say the least.

The only possible excuse for this sin of omission that we can think of is that there may also be times when a haughty handbook compiler is too proud to print.

BORDER DRILL IS MAKING ARMY

Is Proving an Experiment Station
Where Men Are Being Put
Into Condition.

READY FOR FUTURE SERVICE

Needs of Army Were Brought Out—
Real Preparedness is Expected
to Result.

BY WEBB MILLER.

(U. P. Staff Correspondent.)

El Paso, Tex., Sept. 28.—With 100,000 state militia troops strung from gulf to gulf, the border is now a gigantic eighteen-hundred-mile-long training camp and preparedness experiment station. The guardsmen are being drilled ceaselessly and whipped into condition as for actual warfare. Out of the tangled Mexican situation the United States will emerge with a new citizen army of 150,000 men.

Not only are the men being prepared but millions of dollars in equipment is being added to the army permanently. When the guardsmen detrained on the border they were only partly equipped for war under any conditions. With few exceptions they would have been able to take the field only after long delay for necessary equipment.

But when they leave the border Uncle Sam will have at least 150,000 "citizen soldiers" ready to "spring to arms before sundown in defense of their country."

Here are some of the material things the "Mexican situation" and mobilization of the national guard has done:

Provided a new army of more than 100,000 trained citizen soldiers.

Added 1000 motor trucks with trained civilian and soldier drivers and machinists. Before the Columbus raid we had but a few score machines.

Added about forty new aeroplanes to the aero squadron with an adequate motor truck convoy and automobile machine shops. Two weeks after Pershing crossed the border we had not one machine in flying condition.

Added 65,000 horses and mules to the equipment of the army, including in this the thousand-and-one articles that go with such an increase.

Gave impetus to tests of machine guns, bomb-dropping devices and photographic devices to bring the aero squadron to modern efficiency.

Brought forcibly to the attention of the war department the need for hundreds of machine guns that would shoot. Tests of different types are now being made.

Added caterpillar tractors, traction engines all manner of road building machines, gasoline tank trucks, water carts, portable radio stations, scores of touring cars for officers, etc.

Replaced old-fashioned mule-drawn ambulances with more than one hundred new motor ambulances.

Added nearly one hundred traveling cooking outfits.

Provided hundreds of other needs of an army and thrown the spotlight on the absence of thousands of others.

"Learn and go Higher" Idea Used
by Chicago Firms Help Eliminate Juvenile Problems.

MOVEMENT IS TAKING HOLD

(By United Press.)

Chicago, Sept. 28.—A big step in solving juvenile problems is being taken by Chicago firms employing boys and young men.

"Learn and go higher" is the slogan adopted by Chicago employers who, following the lead of Swift & Company, packers, are offering inducements and incentives to youthful ambition in the shape of helpful organizations, night schools and branch libraries.

Lewis Atherton, former superintendent of the LaCrosse, Wis., state normal school, is in charge of the work at Swifts. "To train the boys to a higher standard is the object in offering these facilities of study," explained Atherton today. "We are offering many special inducements to the youth who takes advantage of the school, and we encourage him according to his aptitude."

GLASS OF WATER BEFORE YOU EAT ANY BREAKFAST

Wash Posion From System Each Morning and Feel Fresh As a Daisy

Every day you clean the house you live in to get rid of the dust and dirt which collected through the previous day. Your body, the house your soul lives in, also becomes filled up each twenty-four hours with all manner of filth and poison. If only every man and woman could realize the wonders of drinking phosphated hot water, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

Everyone, whether sick or well, should drink each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.—(Adv.)

A number of the friends and relatives of Mrs. Lily Ray are being entertained at her home in Falmouth tomorrow with a pitch-in dinner.

FOR JUNE DIVISION

The pitch-in dinner at the home of Mrs. J. Frank Wilson at her country home near New Salem today was for the members of the June division of the Little Flatrock Christian church. An elegant four course dinner was served, which was followed by an inspiring program consisting of musical numbers, papers and devotions. The members of the division who enjoyed this affair were Mrs. Fannie Logan, Mrs. Wilma Logan, Mrs. Mary Poston, Mrs. Blanche Wilson, Mrs. Letha Wilk, and children, Mrs. Marietta Stiers, Mrs. Laura Oneal, Mrs. Gertrude Murphy, Mrs. Gertrude Miller, Mrs. Paul Fisher and Mrs. Sadie Wilson.

DAINTY BIBS FOR BABY

Bibs are very necessary for babies, especially when they are getting their teeth; if the little chest is not protected the saliva gets through the frock and the little mite suffers discomfort and often gets a chill.

The little bib is easily made; one ordinary handkerchief will make four of them.

Take a nice fine linen or lawn handkerchief and cut in into four; take one quarter and neatly hem the edges, first of all cutting out a little round baby's neck. Hem this on bind with a little white baby ribbon. At each side of this neck part sew on a piece of ribbon to tie.

Now take some pretty narrow lace and edge all around the bib with it; this gives such a dainty effect and makes the bib suitable for very best. A little pad of white flannel should be made loose with that thin white waterproof material, the flannel even will not get wet. This pad can be fastened under the bib with tiny safety pins, and must be made a little smaller than the outside.

A set of these simple bibs would be an ideal present for baby, and certainly would be greatly appreciated by the mother.

Fashion, Fads and Fancies are beautifully expressed in the new blouses and waists—embodiments of loveliness.

Dainty and charming frocks and dresses for afternoon and street wear—we want you to see them.

At Your Service, Madam Fads and Fashions of the Hour

With a distinction in style that marks them as Mauzy's, the new tailored suits are models of clever desinging and tailoring. The charm of gracefulness and beauty finds expression in every line of these ready-to-don garments. With the autumn opening of 1916 a matter of history, the handsome garments exhibited are certain to find ready owners. Will you be one of them? The range of styles, colors, and sizes will never be greater, so come tomorrow. Examine closely the garments you have seen on the models.

TODAY'S HOOSIER ODDITY

(By United Press.)

JUST PAINT

That's often all that's needed to rent tenantless property or to get a purchaser for a house you want to sell. Ask us what it will cost. DON'T FORGET THAT ROOF—it may need painting to protect it from the storms of the coming winter and save it from rust. Better let us examine it. We'll tell you honestly whether it needs painting and quote the lowest price consistent with good value, if it does.

HEBREWS START CAMPAIGN FUND

Systematic Work Started Whereby
\$2,000,000 Will be Raised For
Charity

DISTRIBUTION NEXT YEAR

(By United Press.)
New York, Sept. 28.—A systematic campaign to raise \$2,000,000 for charity by December 1 was started in New York today by the Federation for the Support of Jewish Philanthropic Institutions.

Dispensation of the fund will take place during 1917. The federation will act as a co-operative clearing house both for collection and dispensation and thus hopes to avoid duplication of effort among the 100 odd New York Jewish charities gathered under its banner.

Under the regulations of the participating charities is to have at least as much money applied to it as in average years heretofore. In addition to the fund for the distribution the Federation intends to collect a surplus of \$200,000 for general work. This brings the total

needed to \$2,000,000. A decreased soliciting cost and good will on the part of the givers, because once giving they will be assured of not being solicited again, are depended on to yield the sum aimed at.

CITY OFFICIALS IN FEDERAL COURT

Mayor and Others of Hammond Appear to Fight an Injunction
Against City

C. & O. RAILROAD INVOLVED

(By United Press.)
Indianapolis, Ind., Sept. 28.—Mayor Smalley and twenty-two other city officials of Hammond, Ind., were scheduled to appear in federal court here today to show cause why an injunction should not be issued to restrain them from interfering with the operation of the Chesapeake and Ohio railroad and other railroad lines in the city.

The case grew out of the refusal of the railroad to construct a \$5,000 depot in Hammond. The Chesapeake and Ohio purchased the line several years ago. Under the franchise which the old line was operating, the road was supposed to construct a \$5,000 depot at Hammond.

The Chesapeake and Ohio officials claim that when they purchased the line, they had no knowledge of the clause in the franchise and that road was allowed to operate several years without being forced to fulfill the requirements.

When the railroad recently refused to construct the depot, the common council passed any ordinance revoking the franchise.

HOOSIER BRIEFS.

Bedford—All of the mad dogs in a section of this city have been killed as the result of a mad dog scare, during which four dogs were bitten by one that had the rabies.

Evansville—The pay roll of the teachers in the city schools has been increased \$3,542.10, and is now \$31,775.60 each month.

Laporte—Strangers blowing into LaPorte and wanting credit at business establishments will have to show credentials, according to a ruling by the Merchants' Bureau.

Hartford City—Authorities of the High school here have voted to introduce bible study in the prescribed course of the students.

Gary—Plans formulated by the Gary Commercial club provide for a three days pageant in this city next year and if it proves successful, the pageant will be reproduced each year.

Indianapolis—Because of the shortage of voting machines, the old style voting will take the place of the machines in three precincts in this city at the November election.

Terre Haute—Policemen here will teach safety first. Policemen will be detailed for a short time to the schools to more forcefully impress the value of the instructions upon the pupils.

Escape TOOTH Troubles

—by keeping your teeth REALLY CLEAN.
"But," you say, "I brush my teeth regularly, yet they decay." Yes, you brush them, but do you REALLY CLEAN them? Tonight, after brushing your teeth, examine them closely. You will likely find an accumulation of tartar on the enamel and bits of food deposit hiding in the crevices.

Decay, as well as the dangerous gum disease called Pyorrhea, usually develops only in the mouth where germ-laden tartar is present.

SENRECO, the formula of a dental specialist, keeps the teeth REALLY CLEAN. It embodies specially prepared soluble granules unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea.

Go to your dealer today and get a tube of Senreco—keep your teeth REALLY CLEAN and protect yourself against Pyorrhea and decay. Send 4c to Senreco, 304 Walnut St., Cincinnati, Ohio, for liberal-sized trial package.
